POWER Family

REPLACEMENT FOR: ROLAND, MIMAKI, MUTOH

M MIX + M MATCH **REAL LIKE OEM!**

CPSIA READY
COMPLIANCE ON DEMAND!

VERSATILE · EASY · ECO-FRIENDLY

The Bestinks Power Family offer a higher level of fixing and drying, with an **increase of the printing speed** and excellent abrasion resistance. The chemical composition of Eco-Solvent inks is based on non-aggressive solvents and **does not release harmful VOCs** in the working environment. The good UV and water life allow exposure in outdoor up to 3 years. Also **all Bestinks Power Family respect the CPSIA certification** (Consumer Product Safety Improvement Act) of 2008. This law regulates the content of phthalates and lead within our inks to protect the subjects from 0 to 12 years.
